

ABOUT CASHBACK RADAR

Cashback Radar is a new fintech service for UAE consumers that calculates which banking card delivers the highest real cashback based on their personal spending profile. The platform compares 30+ UAE cashback cards in 3 minutes or more, depending on how precise you want your results, with an average annual gain of AED 2,100 found — completely free, with no sign-up required. Built by banking and data-science professionals with over 20 years of experience at global financial institutions, Cashback Radar carries no sponsored placements and is available at cashbackradar.io.
